

Yarmouk University

**Faculty of
Business**

Master's in Business Administration

Program Overview

The Master's in Business Administration (MBA) program aims at providing students with comprehensive knowledge and learning in the most advanced theories and business concepts in leadership, communication and problem-solving competencies. The program seeks excellence, creativity, and achieving the best in the field of education, scientific research, community service, and the production and development of scientific knowledge that contributes to the development of the business sector.

Program Objectives

- Providing a high-quality educational environment for business administration majors
- Providing the student with all knowledge areas of the business administration major (human resources and organizational behavior, operations management, management information systems, international business administration, strategic management and small projects).
- Providing everything new in the field of business administration through continuous development of teaching plans
- Increase awareness and importance of using and employing information technology in developing the administrative process.

Program Importance

MBA graduates will greatly benefit and utilize the knowledge and practical underpinnings in strategic management, entrepreneurship courses, human resource management, organization theory and other contemporary issues and topics in management courses to be able to lead the future business enterprise and advance the private sector and economy in an effective direction to better serve the local and global community.

Targeted Groups and Accepted Majors

- Hold a bachelor's degree preferably in Economics and 1) Administrative Sciences, Engineering in all disciplines, majors of Information Technology, Pharmacy, Medicine, Nursing, and Law from a university accredited by Yarmouk University.
- Passing the English language requirements in accordance with the decisions of the Higher Education Council.

Job Areas

- Upon completion of their MBA program and graduation, MBA graduates will look for job opportunities in the market including management and leadership positions in business organizations, in banks and NGOs.
- They develop the ability to start their own businesses and they can also further their academic career by pursuing post graduate studies in business and management disciplines

Credit Hours and Tuition Fees

The study plan contains 33 credit hours.

The price of a credit hour is 70 Jordanian dinars for a Jordanian student, and 225 US dollars for an international student.
